

Parents can use the Canvas Parent app on Android or Apple devices to stay up-to-date with their student's Canvas courses.

Note:

- Canvas and PowerSchool are two separate systems. This may result in differences between assignment names and grades between the two applications. Although there are grades in Canvas, official student grades are displayed in PowerSchool.
- The Canvas Parent app is the **only** way for parents to access Canvas.
- Assistance using the Canvas Parent app can be found at <http://canvas.wcpss.net/canvasparent>.

Canvas Parent app allows parents to:

- view their student's Canvas courses.
- view information **about** assignments, submitted work, and events.
- view individual grades.
- set alerts based on course activity.

Canvas Parent app does NOT allow parents to:

- view quiz questions or responses.
- view submitted assignments.
- view cumulative grades.
- communicate with the teacher.
- log into the web version of Canvas.

Install the Canvas Parent App

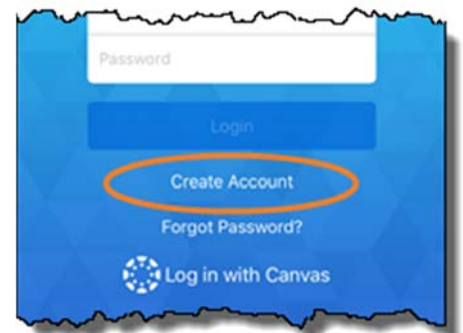

1. Visit Apple **App Store** or **Google Play** on your mobile device.
2. Search for **Canvas Parent** by Instructure Inc.
3. Install **Canvas Parent** app.

Create a Canvas Parent Account

The Canvas Parent app is the **only** way for parents to access Canvas.

1. Open **Canvas Parent** app.
2. Click **Create Account**.

Canvas: Canvas Parent App

3. Enter **required fields**:
 - First name
 - Last name
 - Email address
 - Password
 - Confirm Password
4. Click **Create Account**.

Add Student

1. Click **Add Student**.
2. Enter **Wake County Schools** for the student's institution.
3. Have your student login with their **WakeID credentials**.
 - Your student's Canvas account is now linked to your Canvas Parent app account.

Support Information

- Assistance using Canvas Parent app can be found at <http://canvas.wcpss.net/canvasparent>.
